

THE DATE

French

Autumn 1 2023

Class Lynher

We started our unit by learning the days of the week and then writing the answer to the question 'Aujourd'hui, c'est quel jour?'.

It was fun learning the days of the week and it was interesting because they don't have capital letters.

We learnt the months of the year and looked at how they were spelt.

It was interesting to see how some of the months were similarly pronounced or spelt but some of them were different.

This week we focussed on numbers that we will need to say the date. We recapped 1-20 and learnt 21-31.

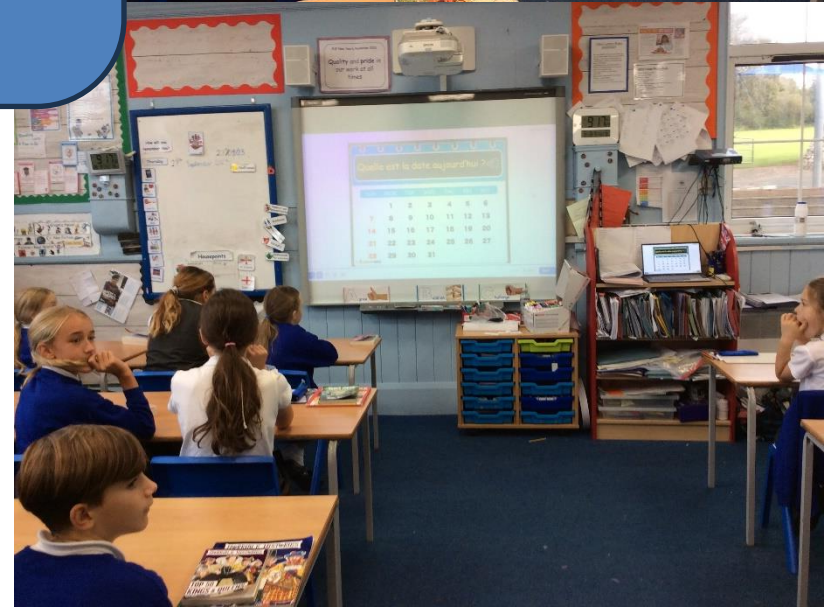

It was a bit different where it is twenty and one and not twenty one and thirty and one and not thirty one.

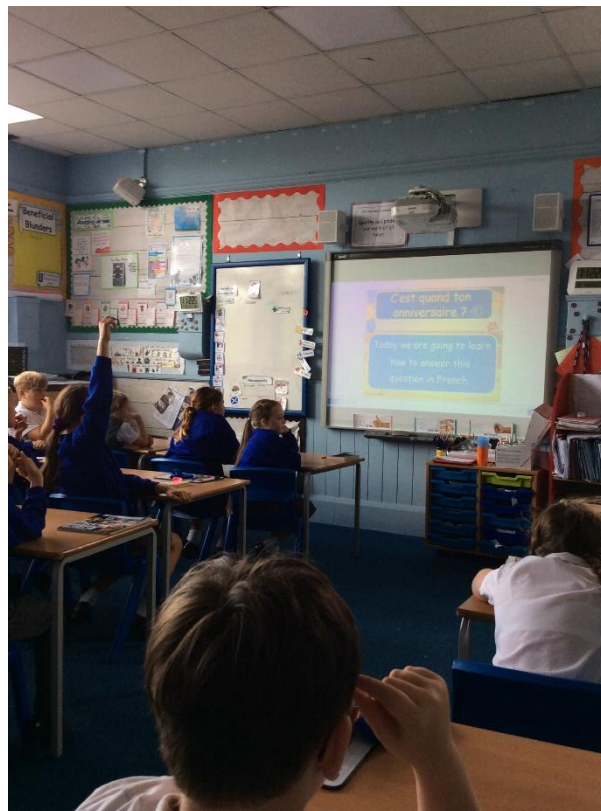

We put together all we had learnt so far to be able to give the date in French.

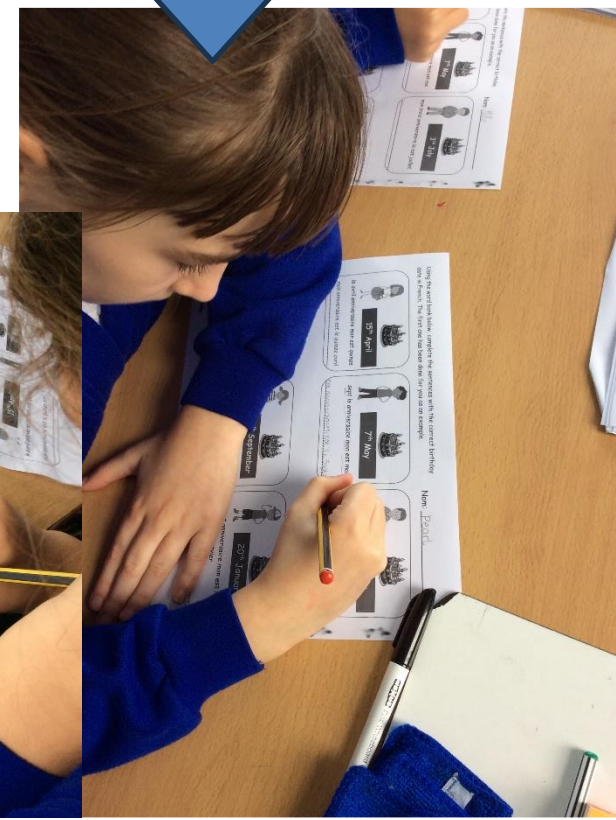

We learnt that we put what day it is, the number of the date and then the month. We also learnt that you say premier for the first.

In this lesson we were learning to ask and answer the question of 'when is your birthday?'.
C'est quand ton anniversaire ?

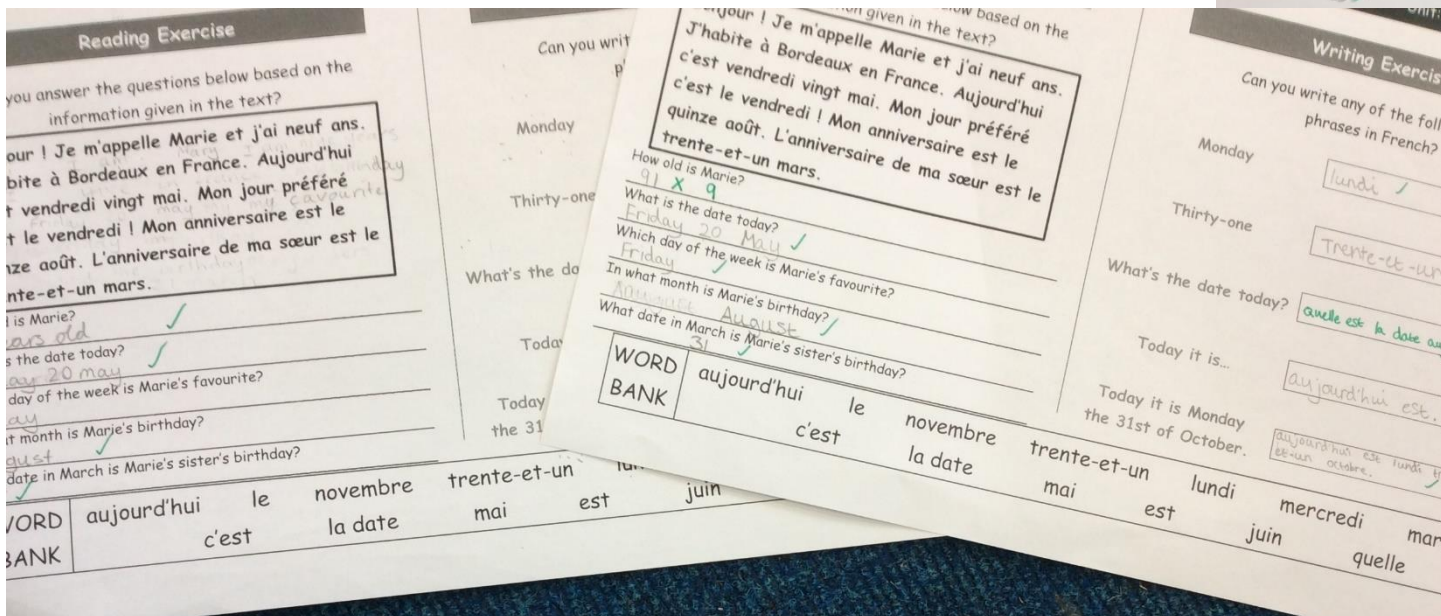

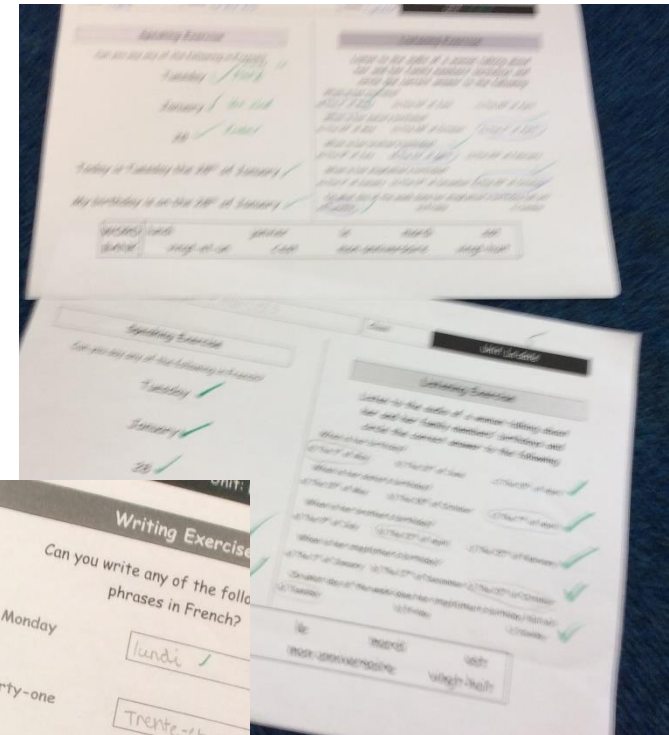

I found it fun to find out the ways to say our birthday in French because it was quite tricky and you had to be confident.

For our final lesson we used everything we had learnt to assess how well we could read, write and listen around this topic.

Everyone used their confidence and enthusiasm for learning to use what they had learned.

How do we give a date in French?

Personal Development: Children will appreciate that different languages are spoken across the world
Jobs it could lead to are: translator, international business person

End Point:

I can answer a question using a date

What is the date today?

When is your birthday?

grammar

To understand that days of the week and months of the year do not have capital letters unless they are at the start of a sentence in French.

Aujourd'hui c'est
lundi huit juillet.

Today it is Monday the eighth of July.

No capital letter in the phrase above for the day of the week Monday or the month of July in French.
