

Music how it  
makes us feel  
and move.

Spring 2023

We listened to Mama Mia by ABBA and appraised it.

We found out that Abba came from Sweden and they used their first initials to make the name of the group.

Some of the songs are very 'high' so difficult for us to hit some of the notes.

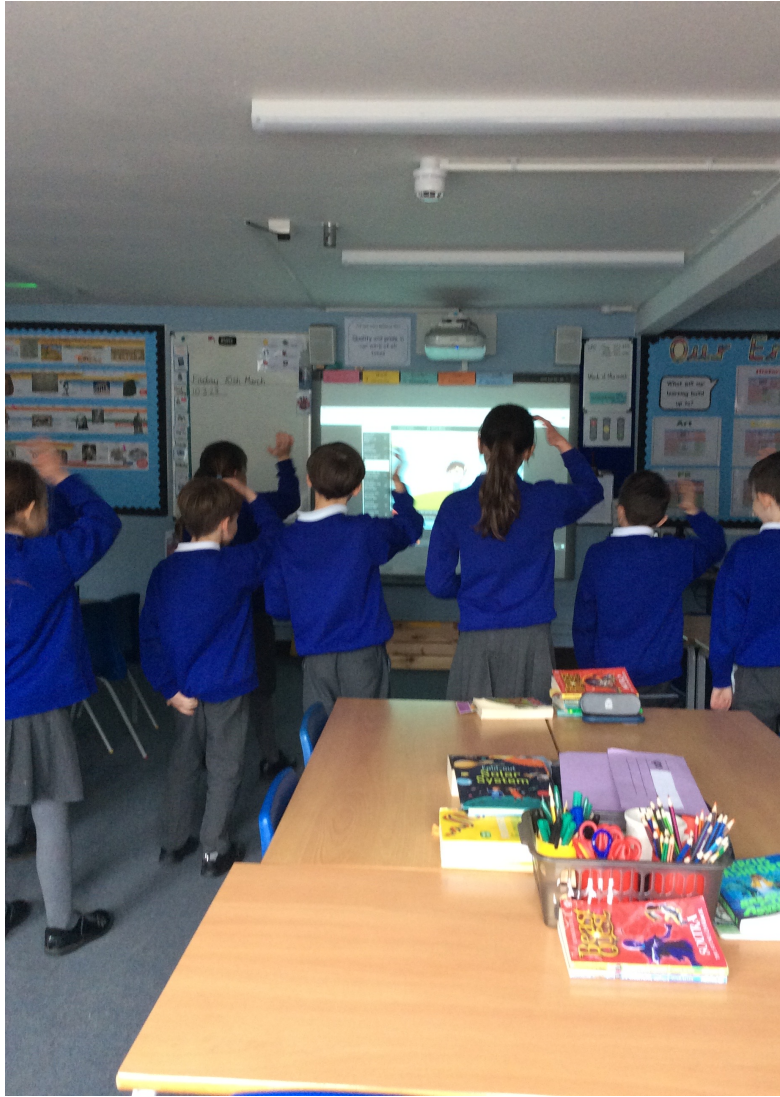

Some of the songs sounded sad and where harder to listen to.

We also listened to other songs by ABBA and appraised them. We had to justify our opinion whether we liked the songs or not.

Mamma Mia  
was quite  
easy to clap  
the beat to.

We had activities where we had to follow  
the beats to the music. Some of ABBA's  
songs are quite fast.

We moved to  
the beat of the  
music.

## Music FLE 3 / 4 How does music make you feel and move?

### Cultural capital

Children know a range of musical genres including popular music.  
Opportunities within the music industry, computing, mixing and performing.

### Skills

Listen and appraise music

Play instruments maintaining rhythm, dynamics and tempo

Perform and share music

Compose music in an appropriate style

### Forever Facts

Know that ABBA is a Swedish pop (popular) group.

Know the words to Mamma Mia

Know that Sweden is part of Europe

### What I have learnt before:

KS1: used voices, played tuned and un tuned instruments, listened with concentration, experimented with create, select and combined sounds

### Exciting Books

### Subject Specific Vocabulary

ABBA	a group made of 2 female and 2 male singers from Sweden who had hits in the 1970's and 1980's.
Sweden	a country in northern Europe where ABBA comes from.
Tuned percussion instruments	are instruments that play a particular note or notes.
Untuned percussion instruments	are instruments that are not tuned to make a particular note.
Appraise	express an opinion with reasoning, I like... because..... I do not like.... Because...
Tempo	means the speed of the music

### Our Endpoint

I can create a performance to the beat and pattern of the music.
