

PE – Team Building and Problem Solving

Summer 2 2022

You're
going too
quickly.

Can we all
speed up
please so
we can get
them?

Can you move
closer or the mat
doesn't cover us
all?

**Communication is crucial for team
work!**

We played some games that had some rules to follow and then we had to take part in activities that had one instruction, two instructions, three instructions and then four instructions!

Umm can you say that again please because I can't remember?

The one instructions is way easier.

We can remember them between us but it's tricky for me to remember them all by myself.

Listening to instructions is important to team work.

Oh wait, we have four and we need five, can someone else join us?

If you wiggle that way and I wiggle this way then we can get out of the hoop without using our hands.

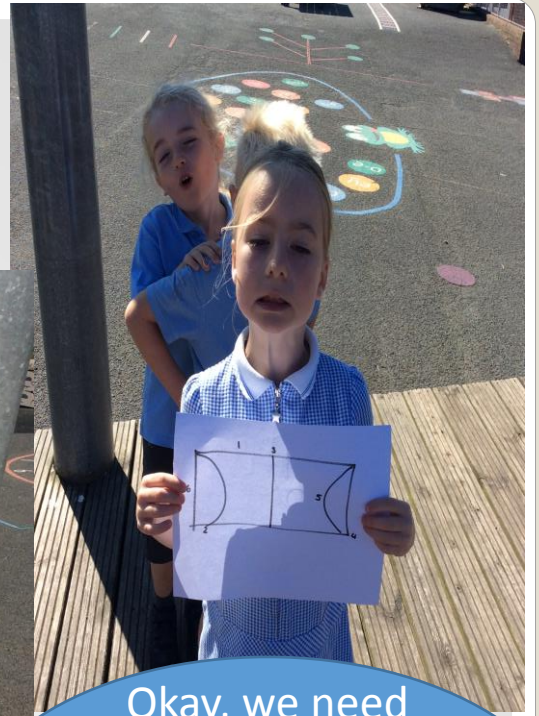

We had to communicate to make sure we turned the number cones over in order 1-4. If we got one out of sequence then we had to turn them all over and start again.

Using listening and communicating to solve problems and work as a team.

We had to work in teams to find points on a map and get a numbered piece of a puzzle and see what it created. We had to support our team and tell them where to go and listen to what our tem mates said.

The pieces made a map! But for where? It has lots of symbols on it.. Here is a police station. I can see it on they key.

Okay, we need number four now which is here so you need to go over to that part of the playground.

Using our skill to solve more problems.

PE FLE YR/1 Problem solving and team building

What we already know:

- Geography we have looked at simple maps of the UK and the world to find the continent Africa.
- We have looked at google maps of our local area and identified some simple symbols.
- In computing we used BeeBots for directional language.

Our Endpoint

To be able to work as a team follow a simple map to collect puzzle pieces to create a larger picture

Forever Facts

- I know that a map needs to be held a particular way to be accurate.
- I know that communicating to each other is a good way to work as a team.
- I know that if I am quiet and looking, I will be better at listening.

Skills

- I can follow instructions involving more than one step.
- I can follow directions on a simple map.
- I can work as an effective member of a team.

Culture Capital

- Understanding symbols that will be seen in everyday life.
- Knowing how to work as an effective team member.

Exciting books

Subject Specific Vocabulary

Teamwork	Working with one or more person as a combined effort to achieve something.
Problem-solving	The process of finding solutions for a complex problem.
Communication	The passing on of information through verbal or non-verbal means. Eg, writing, speaking or gestures.
Following instructions	Acting upon requests given, these may have one or more actions to undertake.
Map	A picture of an area of land with landmarks on such as water and roads.
