Celebrating Differences

Cremyll Autumn 2 2023

I know how we are similar to others.

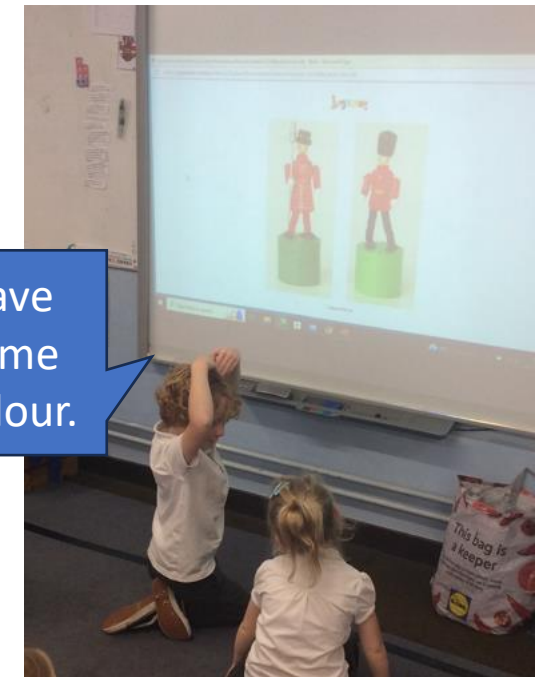

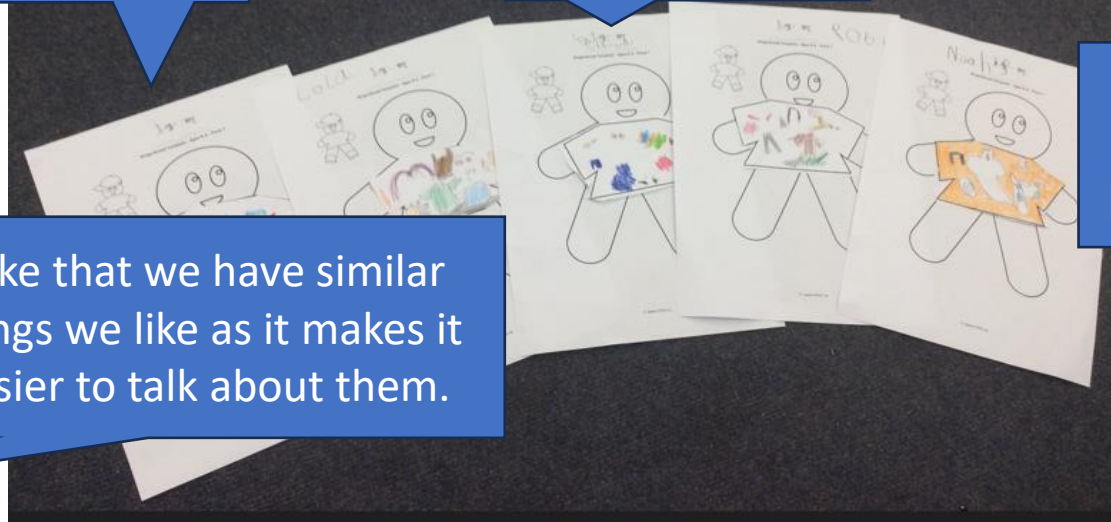

We looked at images that were similar and talked about how they were the same. We then looked at how we were similar to others. We then looked at how we are the same as our classmates and added these to our t-shirt for our gingerbread man.

We both have
a brother.

We are similar
as we both like
rainbows.

I like that we have similar
things we like as it makes it
easier to talk about them.

We have
the same
hair colour.

I know how we are different to others

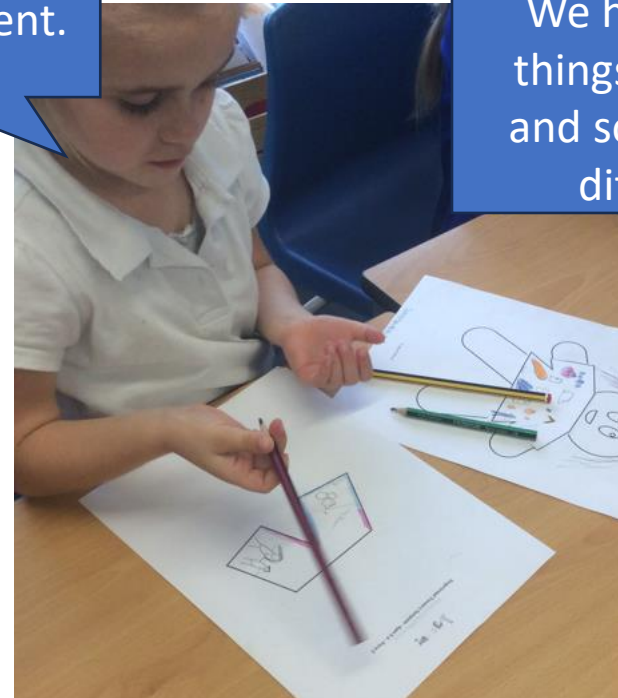

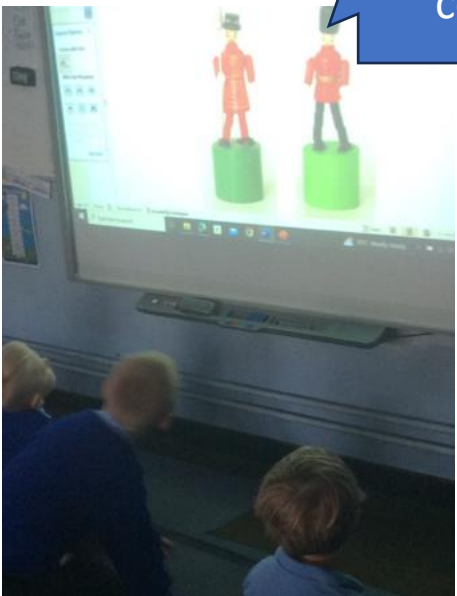

We looked at the same image from last week and recapped how we looked at the similarities, using the same image we discussed how they are different. We then looked at how we are different to others and added these to shorts for our gingerbread man.

They are different as one has a black hat and one has colours on it.

We are all unique, we are all different.

We have some things the same and some things different.

I like that I'm different to others, it makes me special.

I understand what is meant by bullying.

We looked at what is bullying and who we can go to for help. We took part in the BBC antibullying live lesson.

Bullying isn't just in person it can be online too.

I know to tell a trusted adult if I feel like I'm being bullied.

Bullying means it happens over and over again.

We should use kindness at all times.

I know how to be a good friend.

We looked at what makes a good friend and created a friendship potion with the qualities of a good friend. We then made friendship tokens to add to our gingerbread men.

We need to use our values and include others.

In my friendship potion I included kindness.

I like to share with my friends it's fun!

Friends listen to each other.
