

# PSHE

Celebrating Differences

# We are the same but different

We looked at  
celebrating  
diversity

We thought about  
what makes us special  
and different

I understand that  
everyone is  
different.

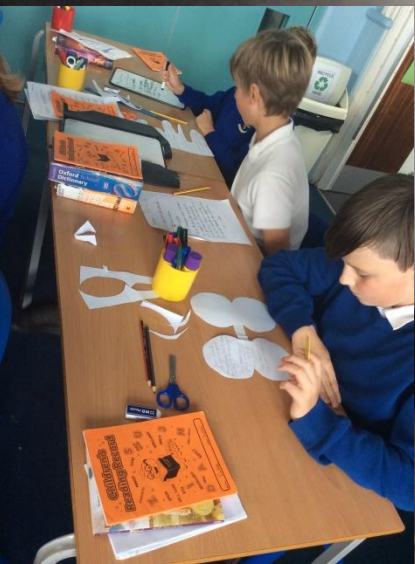

# Remembrance

We also remembered those that have supported us during the pandemic

We made poppies, poems and speeches to show how much we appreciate them

We remembered those that fought and supported us across the world and how they recognise Remembrance Day

# I know what racism is

We need to be  
tolerant with  
one and  
another it  
does not  
matter what  
we look like or  
where we are  
from

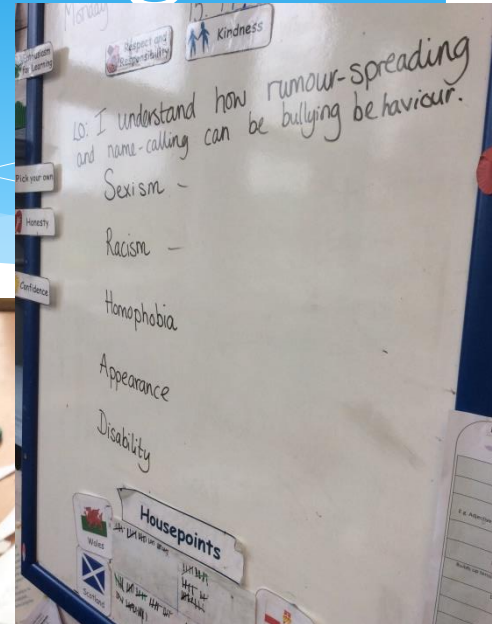

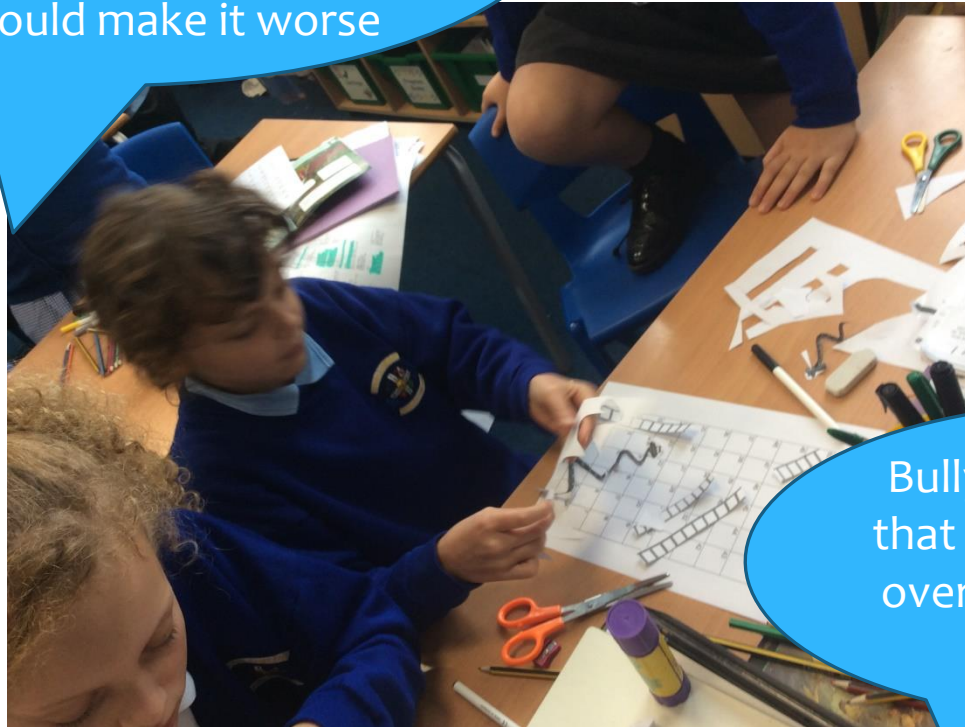

Racism is  
discrimination –  
it is  
unacceptable

I think our school values help us as we use respect and responsibility to everyone

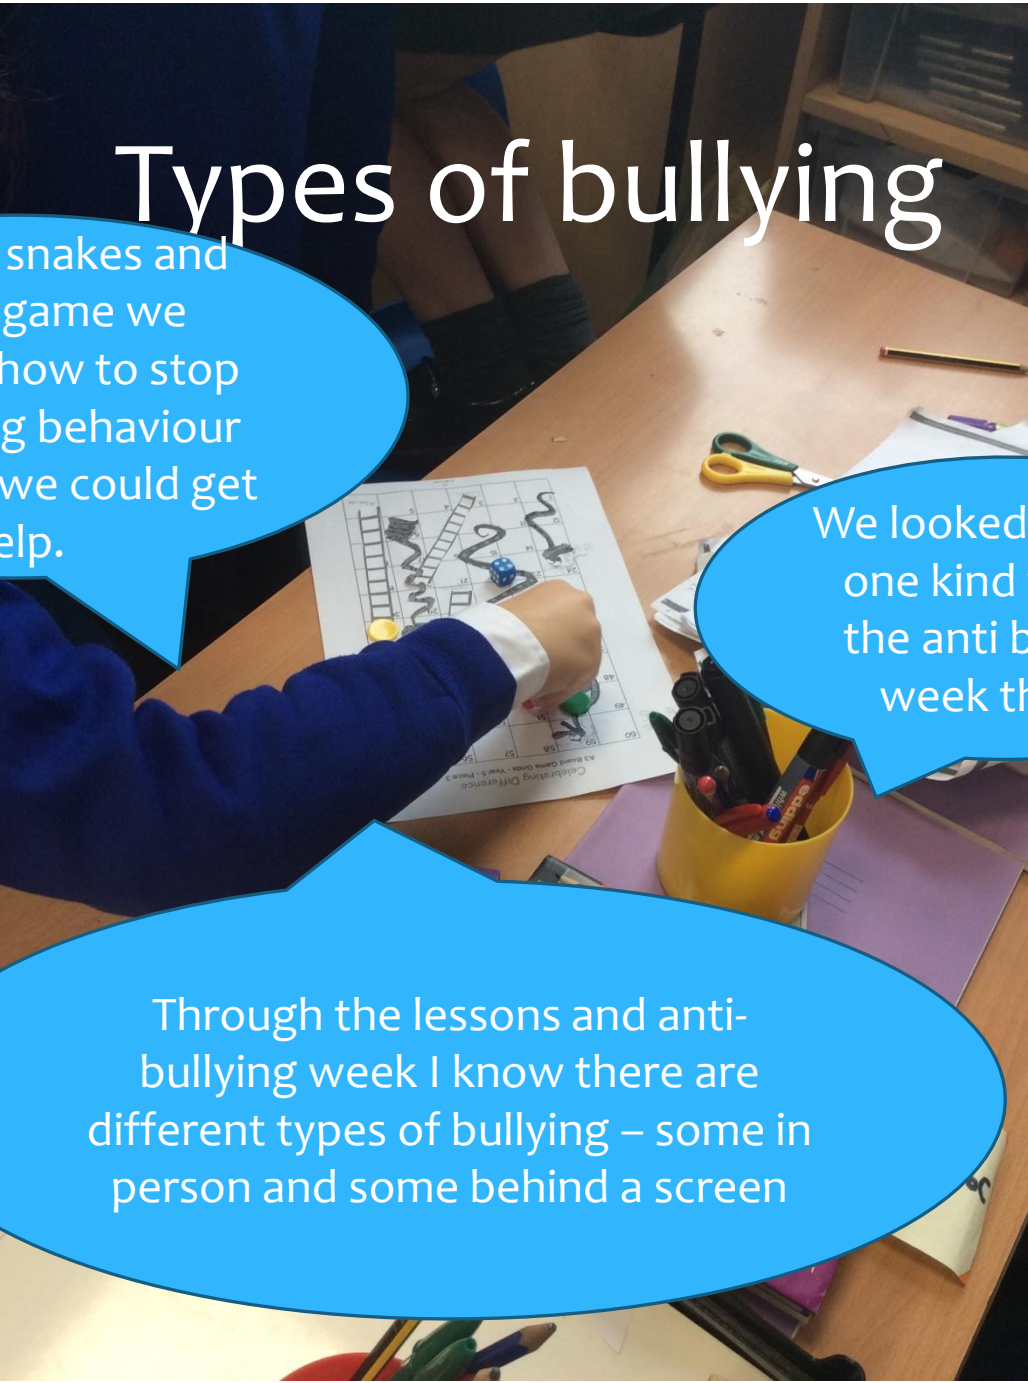

# Rumours and name-calling

Using snakes and ladders we looked at different bullying focuses and how to solve the situation but also recognised what would make it worse

Bullying is something that happens over and over again and it is on purpose

# Types of bullying

A background photograph showing a child's hands playing a snakes and ladders game on a board at a desk. The board is titled 'Celebrating Difference' and 'A3 Board Game Grid - Year 5 - Phase 2'. The child is wearing a blue long-sleeved shirt. On the desk, there are various items including a yellow cup filled with pens and pencils, a pair of yellow-handled scissors, and some papers.

Using our snakes and ladders game we discussed how to stop the bullying behaviour and where we could get help.

We looked at using one kind word – the anti bullying week theme

Through the lessons and anti-bullying week I know there are different types of bullying – some in person and some behind a screen

# Does money matter?

I don't think money matters, as long as you are happy and safe that's what matters

We looked at children who were the same age as us in an developing country and realised that although there are differences we are also very similar

Sometimes I do not appreciate what I've been given, this has made me think about what I want and what I need

Lo: I can compare my life with those in developing countries.

Does money matter?

Housepoints

# What is culture?

Culture is influenced by a lot of factors

I know that my culture includes eating roast dinners every Sunday and that this is different to some others in my class

We learnt that everyone of us has a culture
