

English - Poetry - We will explore the use of imagery. We will create our own poems using similes and metaphors.

SMSC

Narrative- We will read the historical story 'Invasion'. We will explore how the author uses real historical details. We will write a news report based on the events in the story. We will then compare this story with another, looking at how authors use figurative language. We will then write our own historical stories using setting and characterisation to gain the readers interest.

Science - We will look at how vibrations cause sounds and how sounds travel, as well as how sounds can change pitch and loudness. We will look at how particles pass sound vibrations on. We will investigate how sounds change over distance and through different materials. We will work scientifically and collaboratively to investigate the best material for soundproofing. We will design and create our own musical instrument that will play high, low, loud and quiet sounds.

SMSC

Maths - We will be focusing on addition and subtraction. Using formal written methods as well as mental strategies.

We will develop our multiplication and division strategies. Using and applying our multiplication tables knowledge and developing formal written methods.

MB

RE - Christianity - This term we will look at the theme of prophecy. We will discuss the term Messiah and how different religions interpret their teachings. We will look at the stories of the birth of Jesus and how fulfilled prophecy is celebrated.

MB SMSC

Autumn Term 2 - 2018
Why do we need rules?

PSHE/Citizenship - 'Celebrating Difference'. We will understand the importance of our families. Understand that conflict can happen but learn how we can calm ourselves. To know what it means to be a witness to bullying and what to do. We will problem solve bullying situations. We will understand that some words are used in hurtful ways. We will celebrate differences and give and receive compliments.

MB SMSC

History - We will look at the impact the Roman empire had on life in Britain. We will learn about the spread of the Roman empire, the invasion of Britain and the eventual conquest. We will also look in detail at some aspects of the Romanisation of Britain, such as the building of Roman roads and bathhouses. We will also investigate Hadrian's Wall, examining how, where and why it was built. We will learn about the different features of the wall and use maps to determine its location.

MB SMSC

Art and design - We will develop our observation and drawing skills using a range of media. We will look at a range of artworks by notable artist.

Computing - Our programming Turtle Logo and Scratch unit will teach the class to create and debug algorithms. The children use the basic commands in Logo to move and draw using the turtle on screen, and then further develop algorithms using the "repeat" command. These skills are then developed by teaching children to create algorithms in Scratch using a selection of blocks.

SMSC MB

PE - Gymnastics - We will be looking at developing our jumping and rolling techniques to create sequences.

Hockey - We will further develop skills of control and passing, working towards playing a match.

MB SMSC

French - We will focus on time. Learning the days of the week, months and dates. We will recap numbers from 11 to 31.

MB SMSC

Music - We will continue to read basic musical notation in order to play the glockenspiel. To develop simple compositions.
