

Cremyll Class History: Spring 1

History by the sea, local area study.

I can make observations of how the seaside has changed over time.

We can go surfing. They went to paddle in the sea or watch Punch and Judy puppet shows.

They wore long swimsuits. We wear swimming costumes or swim shorts,

I can identify how the seaside has changed over time.

We don't have changing huts any more.

L.O: I can identify the difference between now and the past.

present

IN the present I would swim in the sea and play on the beach.

past

In the past I would make a sand castle and play on the beach.

I can identify how things change over time.

In our time there were a lot more things to do like sunbathing making sand art and playing in the sea.

IN the past I would have changed in a bathing machine.

Tell a friend what you would do at the beach in the past.

Persuading people to visit the Clock Tower.

You can now have parties, go to yoga or have meetings in the Clock Tower.

It was made into a Clock Tower to remember when King George became King.

What we already know:

That events from the past have an impact on our present – through the Gunpowder Plot 2021.

**Forever Facts**

The Clock Tower was built to commemorate King George V.

That things, places and people change over time.

People use to go to the seaside to holiday for the sea air not to swim and sunbath.

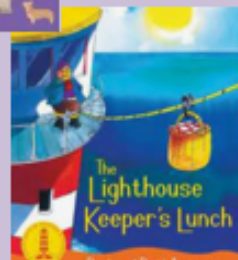

Skills:

- I can use pictures and artefacts for answering questions about the past.
- I can explain what they think is important about the past and explain reasons why
