Relationships

Our families

I live with my
nanny but you
live with your
mummy and
daddy.

Our friends are not
our REAL family but
they feel like they
are family.

Not all
families hug
but it doesn't
mean they
don't love us.

Friendship

I like to: Play football, play games, do shows together, go to parties and go to the park with my friends.

A good friend: will be kind, listen, wait for their turn, share and play with you.

Woody and Buzz are really good friends in Toy Story – they help each other.

We sorted a selection of pictures and said whether they were showing how to be a good friend or how to not be a good friend.

Greetings

Holding hands
with my friends
makes me feel
calm.

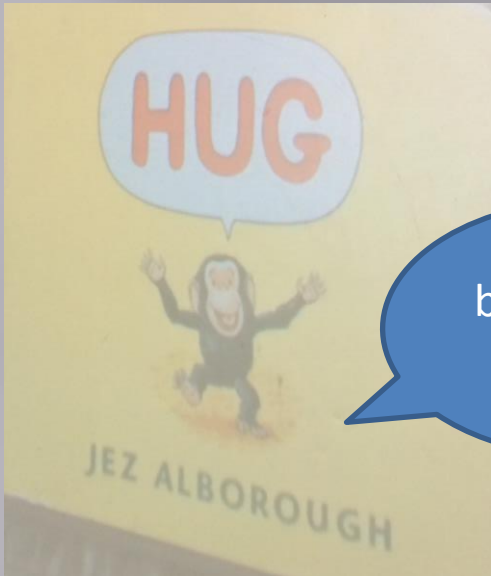

He felt
better when
he had a
hug.

I don't like people
holding my hands
because I don't like
germs.

How do you feel when someone
hugs you? Safe, happy. BUT it
depends who it is. Because it
might be someone you don't want
to hug you. I would let: mummy
hug me, someone who cares for
me, my friends, anyone I know.

We might greet a family
member with a kiss but
a friend with a hug or a
wave. We can say no to
someone if we don't
want them to touch us.

Greetings.
"Say hello"
Hug. Smile.
Kiss. Wave.
Shake hands

People who help us in school and in the community

My friend helped me with a fall out with my friends.
My mum helped me ride up the hill to school.
The lunchtime assistant helped Layton when he hurt himself.

Teaching assistants – help us learn , remind us to have a drink, line up sensibly.

Lunchtimes assistant – let us turn when we've eaten enough, give us a plaster when we fall over.
Teachers – help us learn, lining up.

Being my own best friend

- ▣ What am I INCREDIBLE at?
- ▣ What is Jigsaw Jack good at?

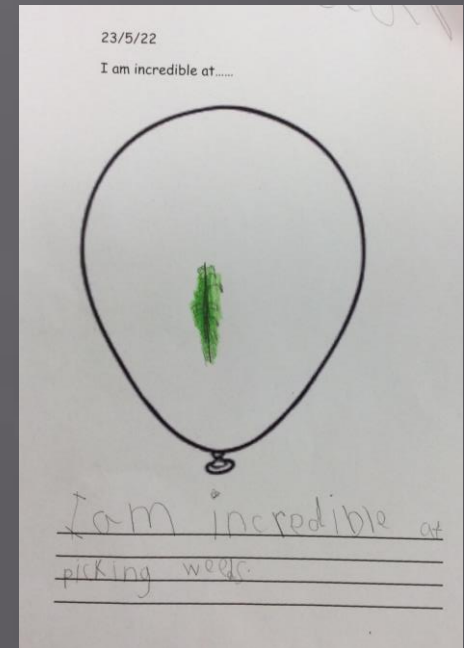

You are a
really good
listener
Jigsaw Jack.

I am really
good at
picking
weeds in my
garden

We always tell each
other what they are
good at but what am
I good at?

I am really good
at being a safe
pedestrian and
looking both
ways with my
eyes
