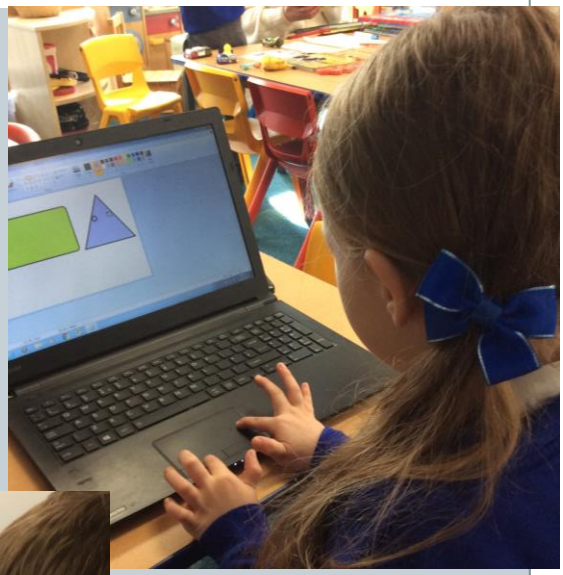
Computing
Paint program

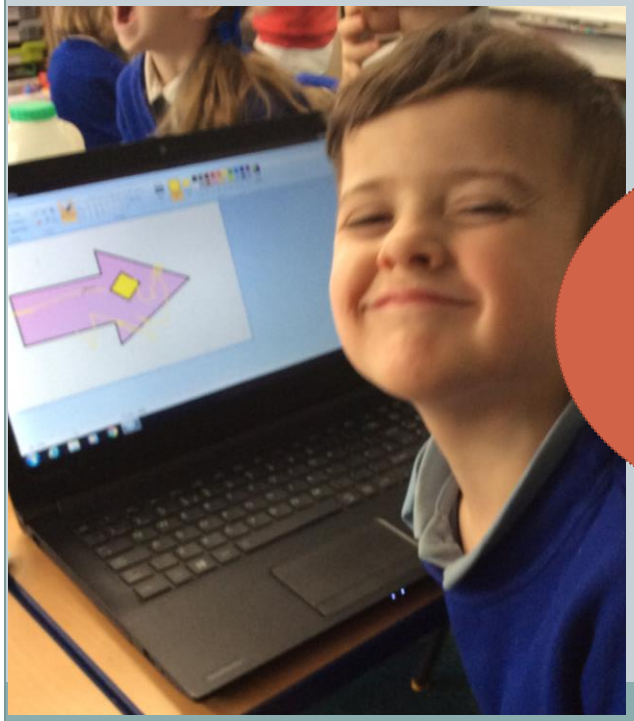
SPRING 2

How can we make art on a computer?

We had a go at using the Paint app to create an alligator image to link to our English text about Alan's Big Scary Teeth. We explored using the shapes and the fill symbol.

How can we make art on the computer? 'we can use the paint app'.





You can use the mouse to choose a colour and then colour the page in.

I remember using this to draw a self portrait when I was in foundation!

Brushes!

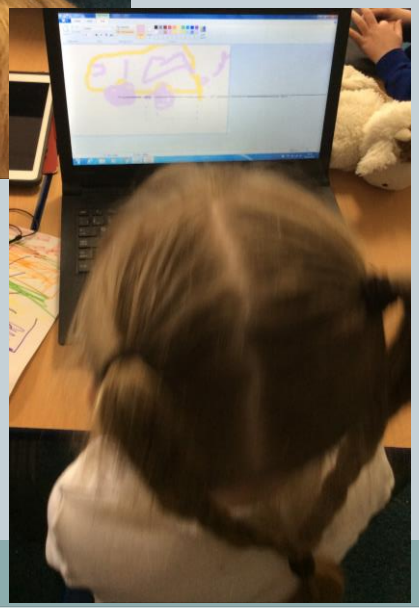
You need to put your name on it or someone could steal it. You have to take ownership. Also add the date.

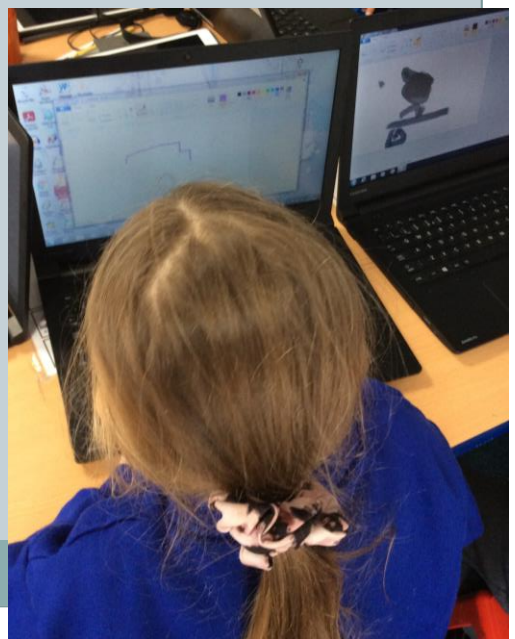
You would use the bigger brush to paint more in one go and use the smaller brush to do small and careful painting.

Great link to internet safety in the Autumn term!

We had a go at using the different paint brush sizes.

Small brush for small things.





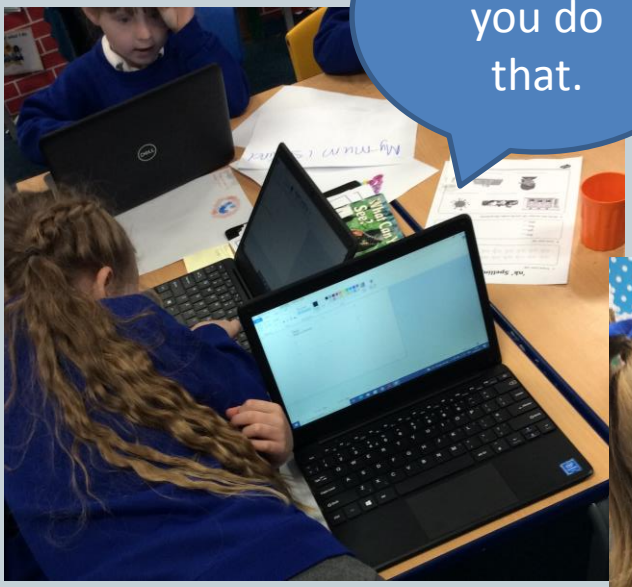
Filling shapes!

The fill symbol looks like a bucket.

We worked with the children in Cremyll to create an image of a tree and then using the fill symbol to choose a colour and fill the area.

It's so much faster than painting with the brushes!

Creating portraits of someone special

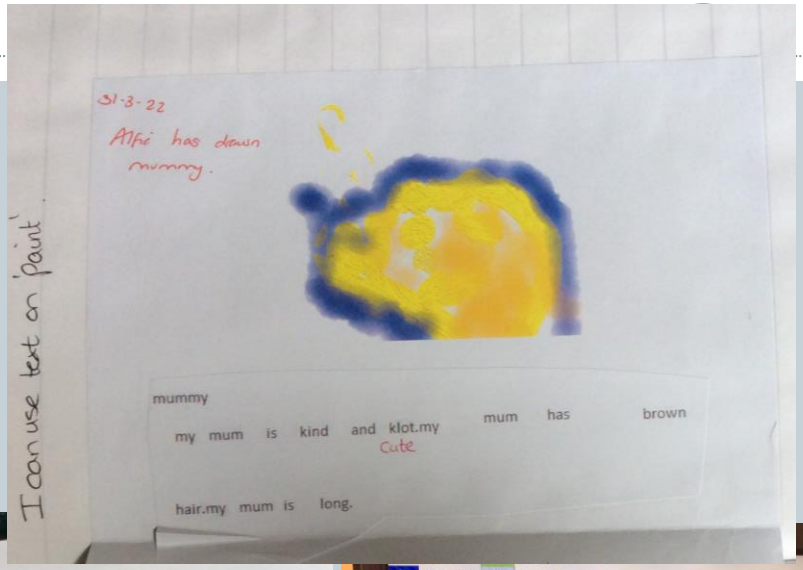


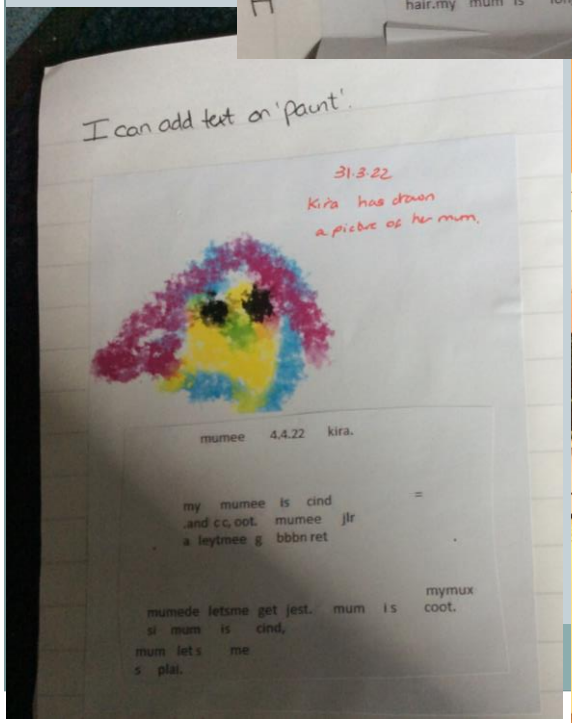
I can help you do that.

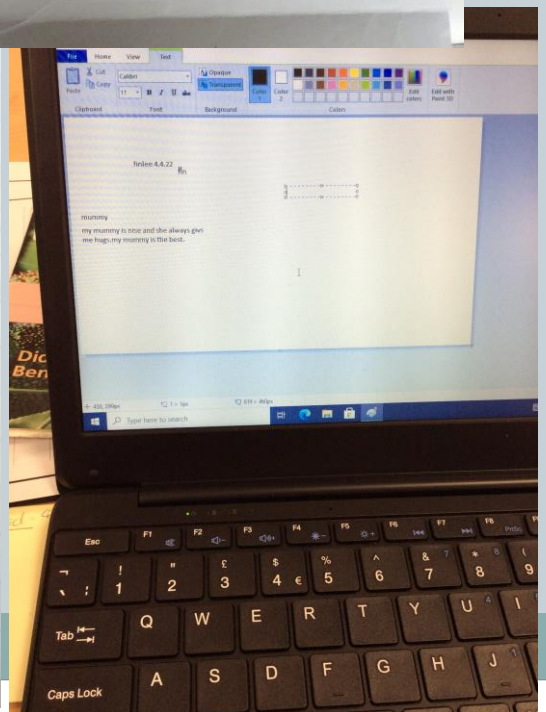
I am doing my mum. She has brown hair and is really tall.

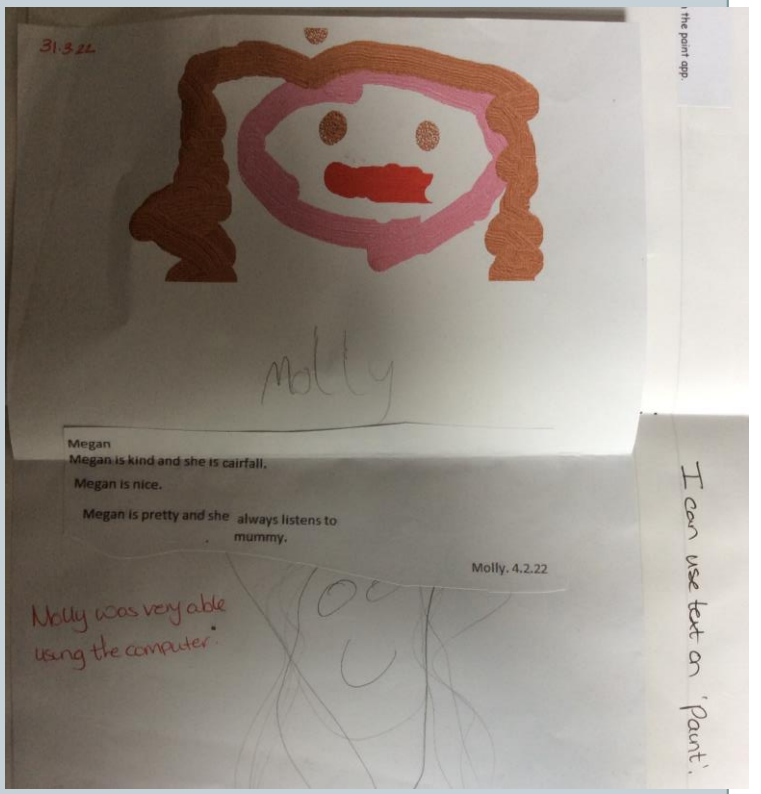
Okay, now I have done my shape I can use the fill button to colour in the face.

Adding text about our special person









Computing FLE YR 1 Paint Program

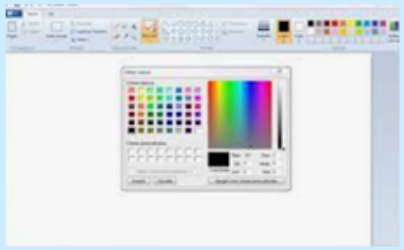
What we already know:

-Creating portraits with pencils, pens and collaging.

-iPads to store and retrieve images.

-Internet safety and naming our work to take ownership.

-Painting in Continuous Provision.



Our Endpoint

-A poster created on the paint program with an image and text about a family member of choice.

Forever Facts
I know what different symbols on the paint app do such as: brushes, colour, undo and re-do.
I know that computers can be used for a variety of things. Eg, producing artwork.

Culture Capital

-Give and receive constructive criticism on peer artwork.

-How to use technology in a technology-driven world.

Exciting books

Skills

- I know how to find and open the paint program.
- I know how to use the paint program to create an image and add text.

Subject Specific Vocabulary	
Fill	Cause a space to become full with colour.
Undo	Cancel the last action made on the computer.
Re-do	Make something appear again after you have deleted it.
Text	Words, writing.
Symbol	A mark that represents/means something else.
