Rame Peninsula Beach Care Beach Clean

June 11 is the anniversary of the birth of Jacques Cousteau, and to mark the day beach cleaning groups all around the shores of the Atlantic will be holding the largest mass beach cleaning event ever. Meet at 12 noon at the top of the Cliff Top Café path down to Tregonhawke to collect your equipment. The beaches are fairly clean at the moment, typical of this calmer time of year, but there's lots and lots of little stuff - arguably the most harmful to wildlife - to be removed. If it's a nice day feel free to bring a picnic or a cake for everyone to share afterwards!
