

Art – portraits

# What is a portrait and how do we know how to draw one?

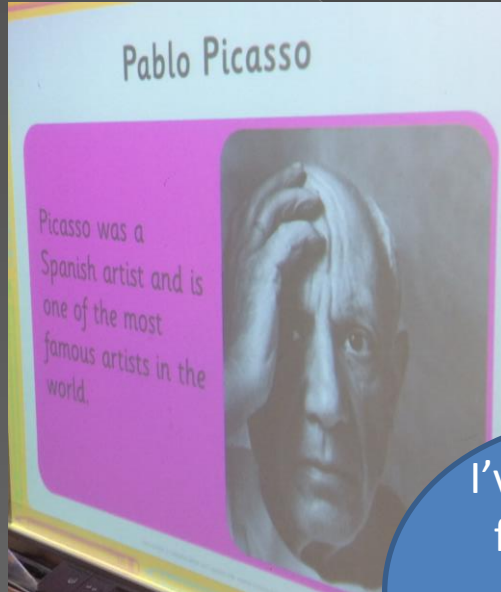

In the mirror  
my eyes are  
blue and my  
hair is yellow

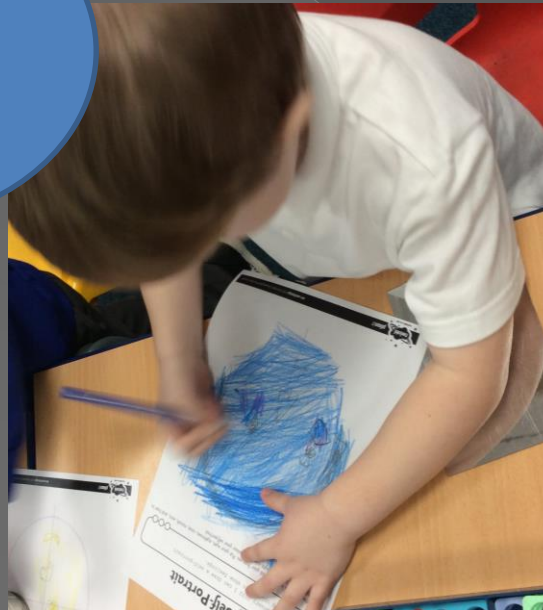

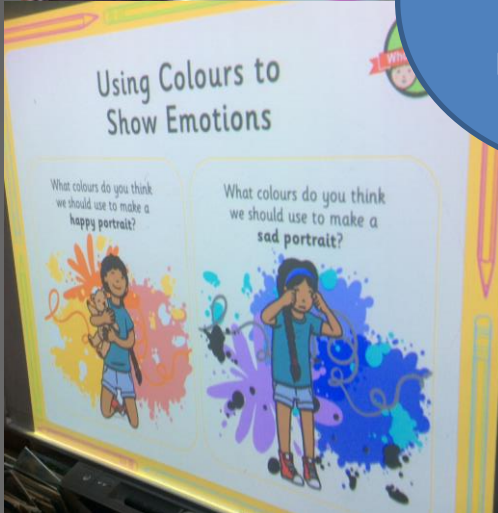

# Colours to show emotion

I have used  
blue to  
show  
sadness.

Pink to  
show my  
portrait is  
happy!

I've used blue  
for sadness  
but blue is  
my favourite  
colour.

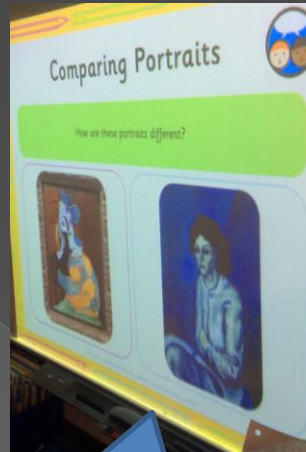

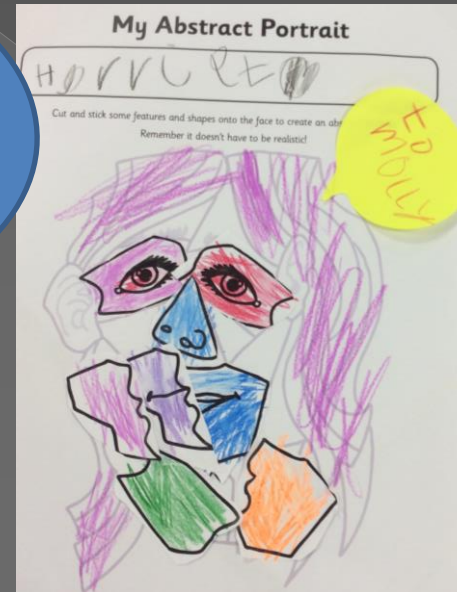

# Abstract portraits – Picasso style.

I'm going to do red eyes

One looks normal but all blue and the other looks not normal but more colourful

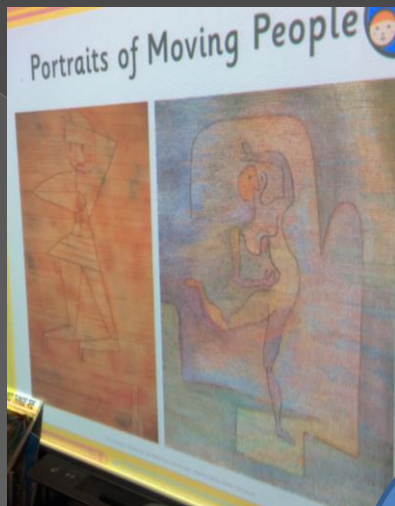

I'm going to put an ear where the mouth should be!

The blue one must be sad.

That one looks a bit scary

Collage

# Watercolour background

I'm holding my paintbrush like a pencil – pinchy fingers!

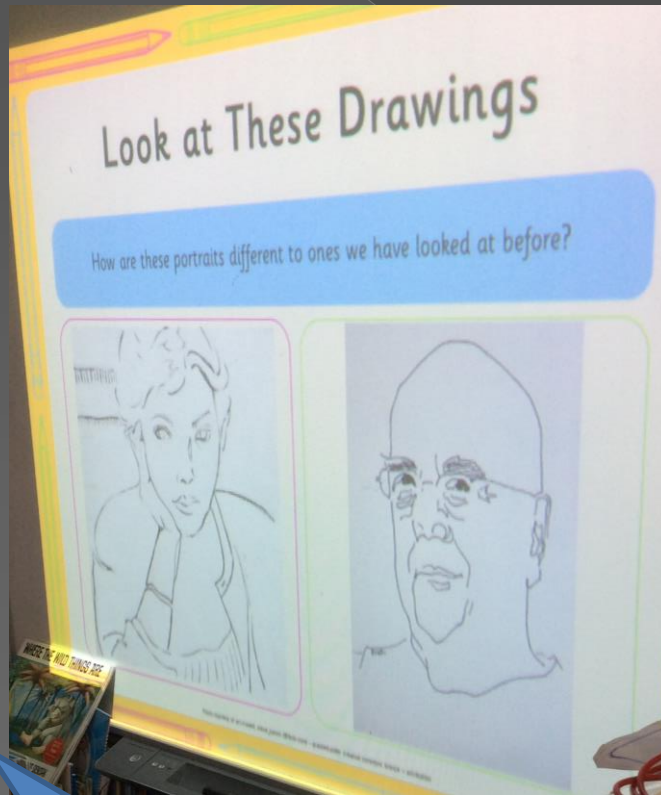

It's beautiful and colourful.

I like how quickly it dries.

# Line drawing moving pictures on our backgrounds

I'm going to draw someone doing ballet like the dog in our book.

My person is playing football!

They don't have colour!

# Pop Art! Andy Warhol style

That's really sad that they wouldn't let girls go to school in Pakistan ☹️

We used Malala Yousafzai as our important person and talked about how she thought all women in Pakistan should be able to attend school.

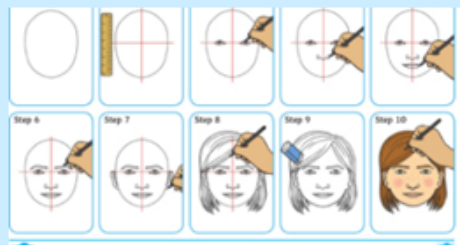

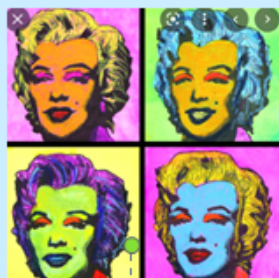

I'm being really careful and using so many bright colours!

I'm going to use the felt tip pens because they show up brighter than the chalk pastels.

I'm an artist!

### Our Endpoint

A pre-printed pop-art portrait in the style of Andy Warhol, decorated using bright colours. Children can choose paint, pens or pastels.

### What we already know:

- Surrealism art is a style that is unrealistic/dreamlike.
- Created artwork using a range of media and materials.

### Culture Capital

- Learning about and appreciating art.
- Giving and receiving constructive criticism.

### Subject Specific Vocabulary
