**What I have learnt before:**

- People have their own beliefs.
- Some people follow a set religion.
- People have things that are important to them, for some people this is their beliefs.

**Knowledge**

Islam is a religion and those who follow it are known as Muslims.

Muslims do not draw Allah or the Prophet Muhammed because no-one knows what they look like.

The Shahadah is usually said a few times each day. It is said at birth as the first words a baby hears, and Muslims aim for these to be the last words they say before death.

The 99 names of Allah. Each name describes something different about what Allah is like, including: forgiver, light and the source of peace.

**Exciting Books****Culture Capital:**

- To be respectful and understand that we will come into contact with people who have different beliefs.
- Not everyone has the same beliefs and lifestyle that we do.

**Subject Specific Vocabulary**

Islam	The religion followed by Muslims.
Qur'an	The special book for Muslim people.
Allah	The name of the Muslim God.
Shahdah	"There is no god except Allah; Muhammad is the Messenger of Allah." Are special words that Muslims say to new born babies and every time they pray.
99 names of Allah	Muslims use the 99 names of Allah to describe him.

**Skills**

I can make comparisons between different religions and how they practice and what they believe in.

I can ask and answer relevant questions.

I can listen and recall information and facts.

**Endpoint:** To discuss and reflect on the question: Who is Muslim and how do they live and create a poster saying qualities that we are known and special for.
