

Art Tamar Summer 1 2024 How can we create drawings that move?

What I have learnt before:
Animations in computing, sketching with gestural drawing and puppets

Exciting Books

Our Endpoint

I can create a moving drawing that tells a story

Personal Development

Children are aware of the importance of art within culture.
Possibility of jobs include, theatre, animation and the creative industries.

Forever Facts:

Artists can make animations by creating drawings that move.

That stories can be created through moving drawings.

Effective animations have slow and smooth movements.

Skills:

Talk about the work of other animators

Use sketch books to gather ideas

Use imagination

Reflect and talk about what has been created

Subject Specific Vocabulary

Animator

a person who creates still images and then creates the idea of movement.

Animation

the process of creating a still image and then speeding them up to create the idea of movement.

Sketchbook

a book where artists record sketches and ideas.

Puppet

a moveable model of a person or animal

Articulated

something that has moving parts

Lauren Child

an artist who creates animations and illustrations

Reflect

to think about a piece of art both positively and how it might be changed.
