no one will play

People are happy
when they can do
what they want.

We can talk about
what makes us feel
different things.

If you hurt someone
you should be told off
so you know it is
wrong.

When we do good
things we get house
point and we might get
a certificate.

I smile at someone.

What might have **caused** this?
What could the **effect** of this be?

What might have **caused** this?
What could the **effect** of this be?

Actions and consequence
means when you do something,
something happens to you. It
can be good or bad.

We experienced
action and
consequence in
everything.

When people ake
the wrong choice

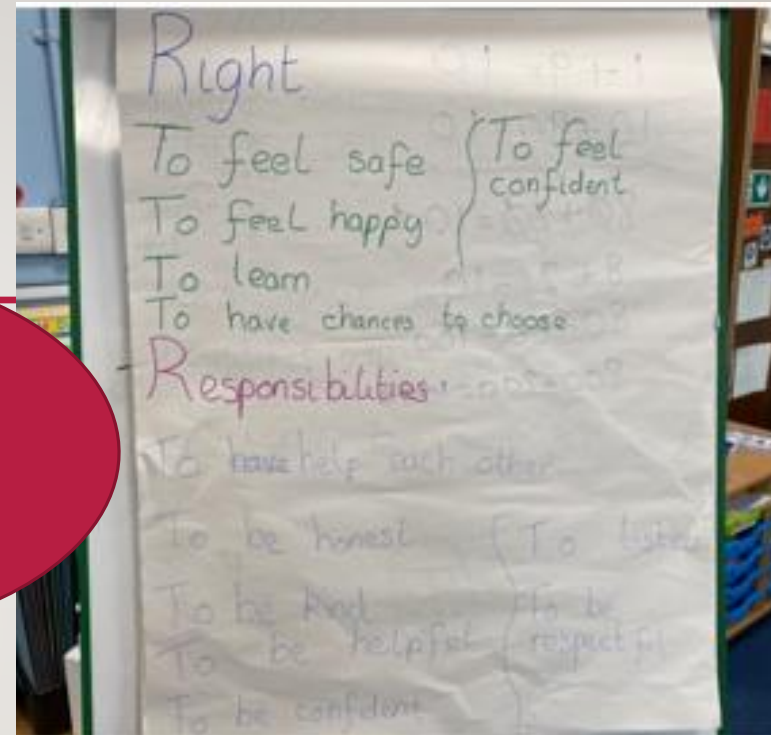

Helping other
people makes me
happy.And them.

When we work
as a team we can
do more.

Responsibility is
what we should
be doing.

Our class rights and
responsibilities!

Rights means what
we should be able to
do. We have the right
to be happy.
