

# PSHE

Being me in my world

Cremyll Autumn 1

# LO: I know how to keep myself safe

We can keep Jigsaw Jack safe by using our values

We need to keep ourselves safe.

On the beach we swim between the flags.

This can be by wearing a helmet when riding a bike.

We discussed how we keep ourselves safe inside and outside. We realised sometimes we need special equipment to help us stay safe or even help from a trusted adult.

# I know what our classroom should be like during learning time

People using their values.

Make sure we include others.

We have inspirational work on the walls.

Inspiration  
learning walls  
complete your work  
hands up  
resources  
E for L  
confidence  
listen  
Honesty  
Kindness  
Include others

Resources to help us to learn.

We discussed what we could do to support our learning. We looked around the classroom to see what we use to help us but also we looked at ourselves and how we can improve the learning environment.

# I know why we have rules and we can agree rules to help us learn in Class Cremyll

We thought of class rules which were positive to help us learn, we then shared them and wrote them up like a contract. This means when we signed it, we promised to follow these rules.

The law is a really big rule.

We need rules to keep us safe.

Rules protect us and tell us what to do.

# I know how to work with others collaboratively

When I work with someone I need to listen and take turns.

We need to have thinking time to get our ideas.

We thought about the rules we agreed and signed and put them into practice. We realised we cannot all share our ideas at the same time and have to wait and listen to each other. Then we can build on others' ideas. We practiced this in discussions, playing games together and completing puzzles
