

Class Tamar

PSHE

Being Me in My World

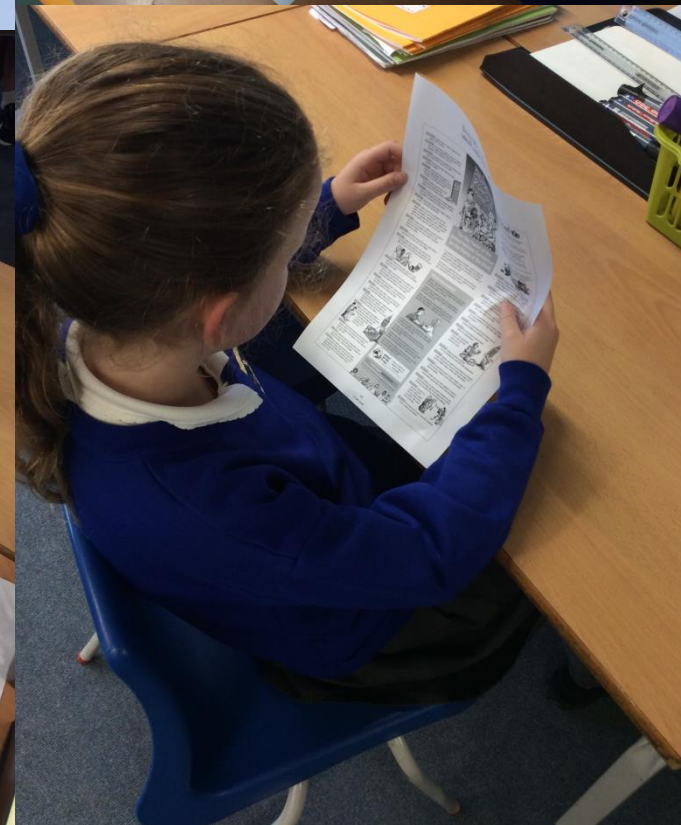

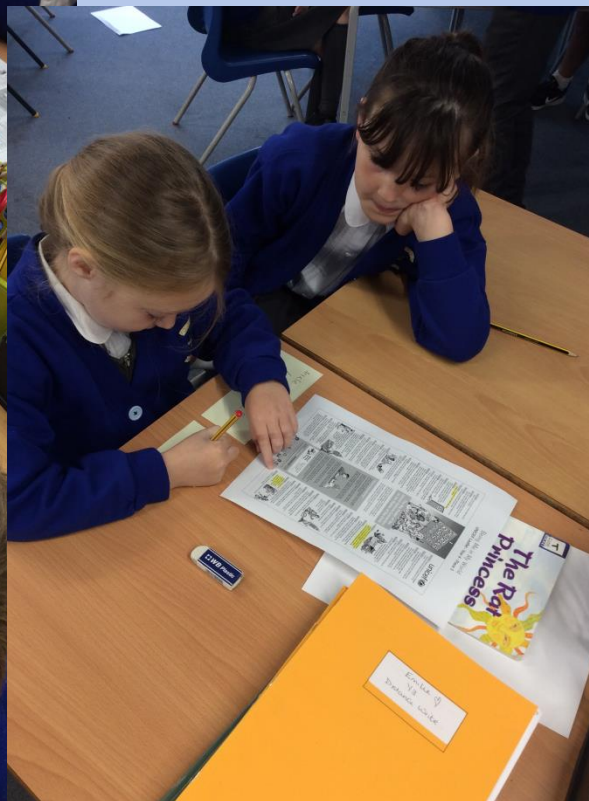

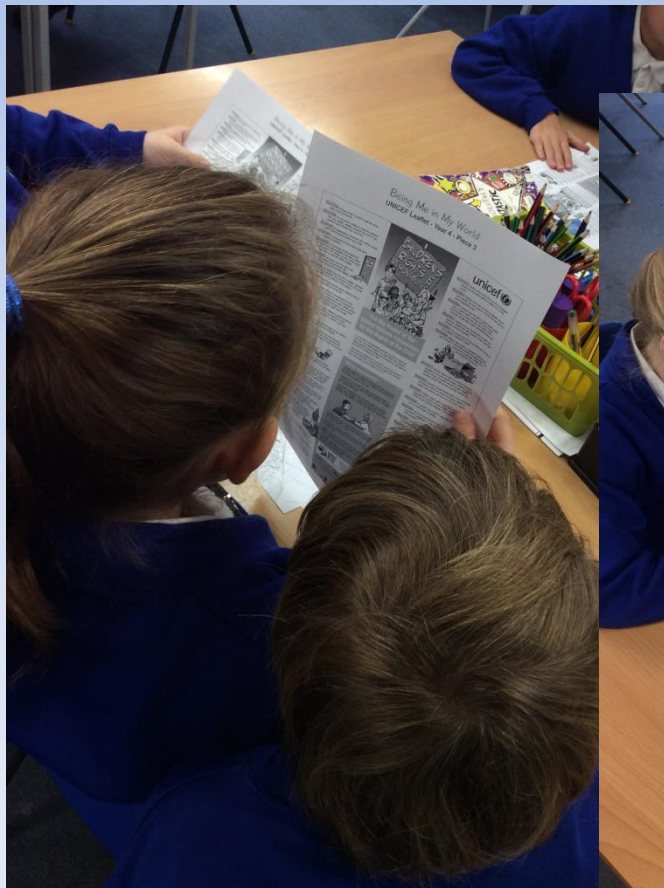

We reflected on positive things about ourselves and what we have achieved.
We also played getting to know each other bingo!

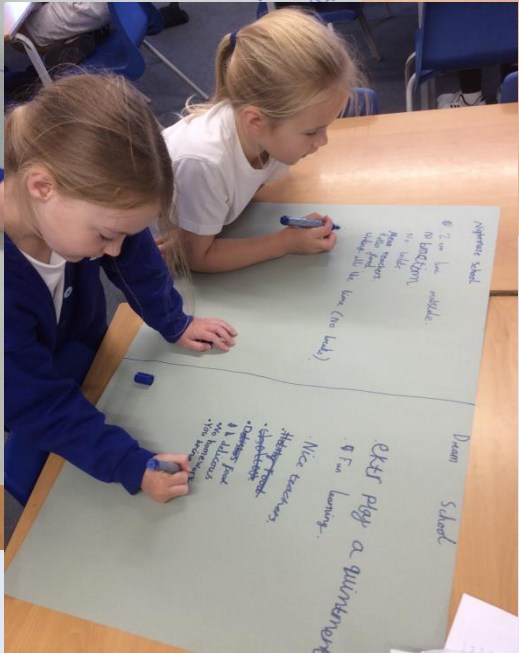

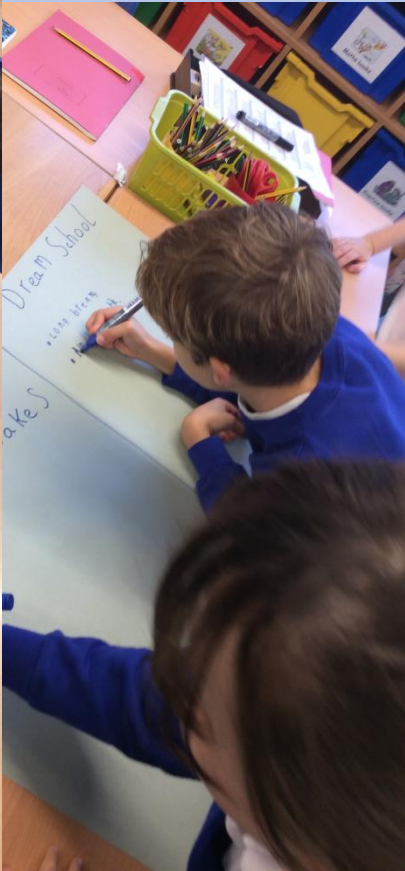

We reflected on rewards and consequences and learnt that every action has a reaction (consequence). We are in control on making positive choices so that these consequences are positive!

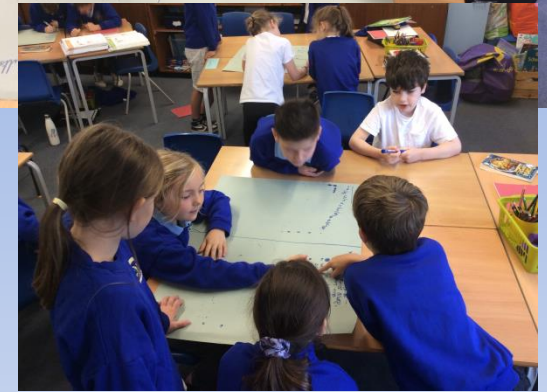

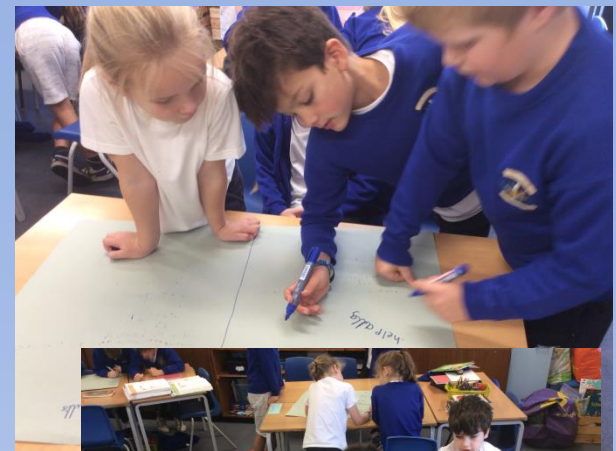

We read the UN Rights of the Child and had a class vote on which we thought was the most important one there. We all agreed that it was important to be aware of our rights and make sure that these are being met for everyone.

We reflected on what we thought would make a nightmare school and what would make a dream school making links to the UN rights of the child. We realised that we all have a part to play in order to make school an enjoyable place to be!

We made suggestions towards a class learning charter and thought carefully about how we will take ownership of this!

We put individual promises to ourselves into our class tin in order to make sure we kept to our class charter.
