Any Issues raised: IP thought the children's stalls should also be used to raise the money for the picnic benches so that we have one for the new academic year. She and others gave suggestions for the stalls. The suggestions are: painting rocks, hook a duck, crafts, cakes, how many sweets are in a jar?, name the teddy, lemonade stall, ice pop stall, pin the tail on the ? **ACTION:** to hand the suggestions over to the teachers to support planning for the fair.

Maizey said someone had asked for a den in the playground for shade, RN explained that the new sail was being put up next Wednesday. This led to a discussion about the dens on the field and the council have said they will go through the rules for them on Monday and then ask the teachers to let them in more often. - RN supported this.

It was brought up that the lunch beakers have cracks in the bottom and leak - RN said she had noticed this. **ACTION:** to get more ordered
