

Cremyll Class Music Autumn 1: 2021

PERFORMING A CONCERT

How to warm up your voice.

aaaahhhh not aaaaaa

You have to make sure you open your mouth.

You have to warm up your voice or it will hurt.

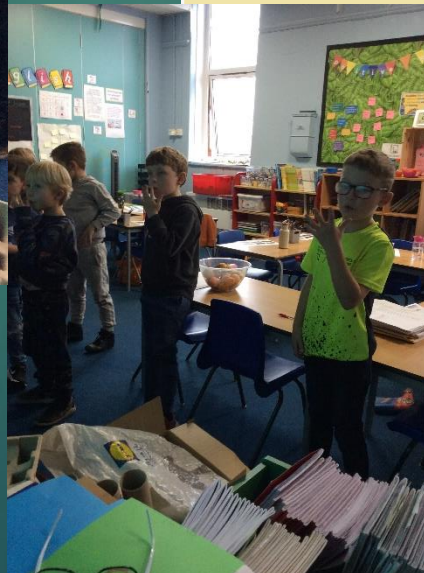

Developing your breathing.

It means you can take a deep breath and sing better.

imagine a candle on each finger

If you practise you will know what to do.

Warming up your whole body.

warm up our faces

You need a straight back.

Relax your muscles.

Performance

Everyone singing together means we can be heard at the back of the hall.

Warming up meant we could sing better.

I practised the songs so I knew the words.
