ICT
Autumn 1 2022
Class Cremyll
E safety

For our first two lessons, we talked about previous learning about e safety from last year to see what the children could remember. We met a character called Penelope and learnt the term digital footprint. We looked at how Penelope was not being responsible online and talked about what she should do/not do when online.

For our next lesson we talked about different websites, including social media which Penelope had used in last weeks lesson, and what makes a site safe for children to use. The children then sorted sites into one of 3 categories: safe for children, check with an adult or not suitable for children.
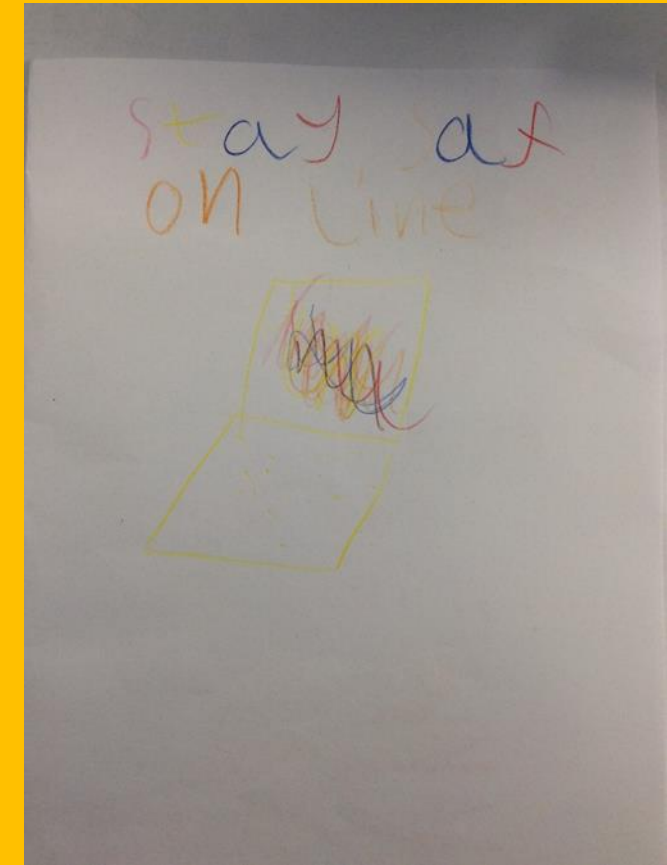

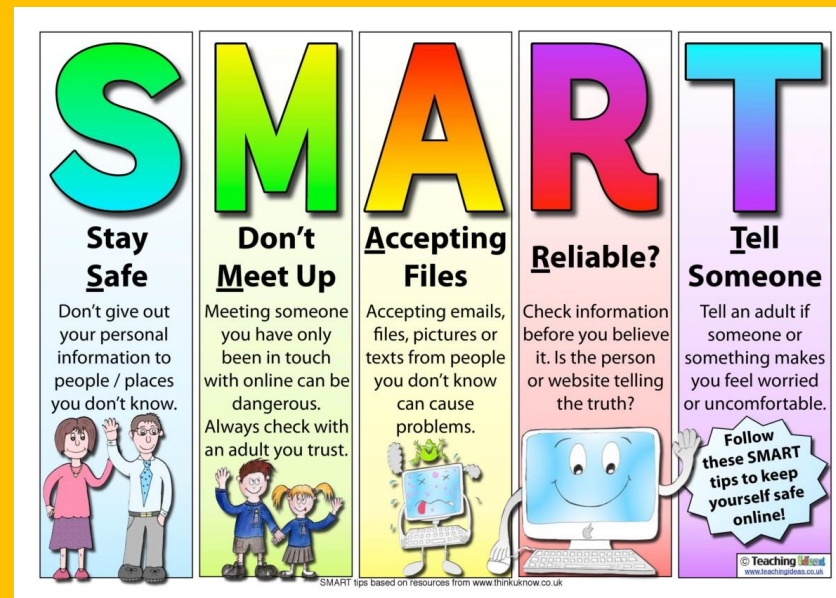

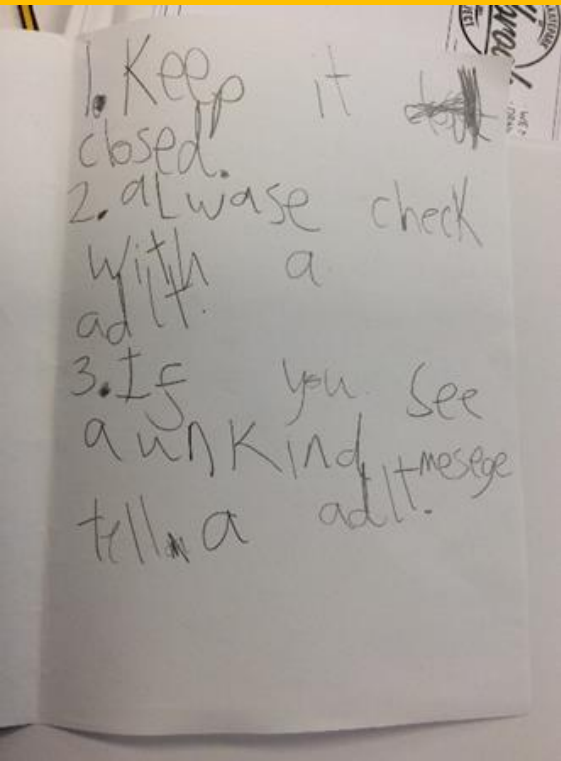

For our final lesson we talked about what we have learnt about staying safe online. We thought about how we would help someone else to stay safe online and created a set of rules and instructions on how to stay safe online.

SMART

Stay Safe — Don't give out your personal information to people / places you don't know.

Don't Meet Up — Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust.

Accepting Files — Accepting emails, files, pictures or texts from people you don't know can cause problems.

Reliable? — Check information before you believe it. Is the person or website telling the truth?

Tell Someone — Tell an adult if someone or something makes you feel worried or uncomfortable.

Follow these SMART tips to keep yourself safe online!

SMART tips based on resources from www.thinkuknow.co.uk

A leaflet about how to stay safe on the internet.

What we already know: Not to talk to strangers. Put your name on your work. Don't go online without an adult. Check with an adult if you're not sure.

Forever Facts

Anything that you create is yours and belongs to you. Remember to add your name to your work.

Some search engines have filters that make them safer for you to use.

You should speak to a trusted adult if you see, hear or read anything online that upsets you. Never click on links without an adult saying that it is okay to do so.
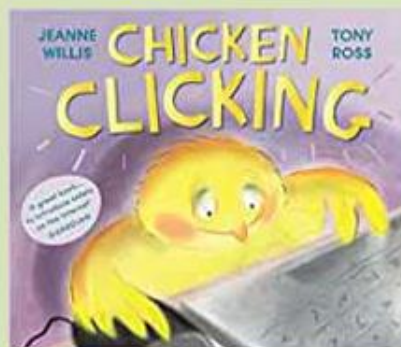

You shouldn't' go on things online that are not suitable for your age.

If you don't save your work, you will lose it.

You shouldn't ever talk to people on the internet without an adult being with you.

You shouldn't ever share personal information with strangers on the internet.
